CLUB OF THE  
YEAR

# ATTENTION ALL PRESCHOOL TEACHERS AND CHILD CARE CENTERS

What a great time the children can have on a field trip at Ocean Tumblers Gymnastics School. Bring the group over and let them experience the thrill of gymnastics and fitness awareness. The children will be able to participate on the different equipment, floor space for tumbling, bars, balance beams and including the trampoline and the giant foam pit to jump in. There will be games and inflatable time.

We can also bring some of our equipment to your center and do the field trip there.

We offer field trips all year long and we can start scheduling you for your summer activities now.
